## In The Know!

The USF Department of Psychology invites you to a colloquium by Dr. Peter Lang on March 6<sup>th</sup> from 2:00 – 3:00 p.m. in PCD 1147. Dr. Lang is one of the foremost emotion researchers in the world, and his work has been groundbreaking. His CV can be found at <http://chp.php.ufl.edu/people/LangCV2008.pdf>. CEU's will be provided for psychologists. There will also be a reception for Dr. Lang at 4:30 on the same day in PCD 3100. If you wish to attend, please RSVP to Michelle Riedel: [mriedel@cas.usf.edu](mailto:mriedel@cas.usf.edu).

Engineers Without Borders at USF is a student chapter of the EWB-USA non-profit conducting service projects all over the developing world. They have been working hard on their current project "Water for Miches" and are getting close to their implementation and construction trip to the Dominican Republic. They are hoping that some of our faculty and supporting staff will be interested in supporting their group by attending their benefit dinner. If you are interested, please contact Miguel Pallango at [mpallang@mail.usf.edu](mailto:mpallang@mail.usf.edu).

The Carter-Jenkins Center is presenting:

- Friday, February 27, 2009 from 9:00 – 11:00 a.m. (Registration/networking at 8.30 a.m.): "The Unconscious at Work in Organizations" by Dr. Ken Eisold, Psychologist and Psychoanalyst. At present, he is the President of the International Society for the Psychoanalytic Study of Organizations.
- Friday, February 27, 2009 from 2:00 – 4:00 p.m. (Registration/networking at 1.30 p.m.): "What Makes Traders Trade--and How that is Changing in the Digital Age" by Dr. Ken Eisold, Psychologist and Psychoanalyst. This lecture will discuss emotional factors in trading as well as illuminate the relevance of psychoanalysis to business. Dr Eisold is very well known in this field and is at present the President of the International Society for the Psychoanalytic Study of Organizations.

## Research Happenings!

CONNECT Study, Carlos Santana, M.D. (Principal Investigator) – USF Department of Psychiatry is participating in a nationwide clinical research study being conducted to examine the efficacy and safety of oral doses of an investigational product, AVE 1625 (a CB1 antagonist), as an add on treatment in patients with an established treatment regimen of either olanzapine, risperidone/paliperidone, quetiapine, or aripiprazole monotherapy in the treatment of **Cognitive Impairment in Schizophrenia**. For more information, call Melissa Vila, LPN, at 974-2441; or to make a referral, call **974-1404**.

GSK Bipolar Kids Study, Sandra Stock, M.D. (principal investigator) – The USF Department of Psychiatry Silver Child Development Center is participating in a nationwide clinical research study being conducted to evaluate LAMICTAL as an Add-on treatment for Bipolar I Disorder in Children and Adolescents, ages 10-17. For more information, call Colleen Killian, BA at 974-9104; or to make a referral, call 974-1404.

Excellent Study Opportunity!!! Schizophrenia IM Depot Abilify Study, The USF Department of Psychiatry is participating in a nationwide clinical research trial evaluating the efficacy, safety, and tolerability of Aripiprazole IM Depot as Maintenance Treatment in patients with Schizophrenia. For more information, call Colleen Killian, BA at 974-9104; or to make a referral, call 974-1404.

USF Psychiatry is participating in a nationwide clinical research study for children and adolescents diagnosed with Tourette's Disorder. The study is being conducted on behalf of Boehringer-Ingelheim and seeks to evaluate the safety and efficacy of an investigational medication versus placebo for 6 weeks followed by an open-label follow-up study for participants aged 6-17 inclusive. For more information, call Colleen Killian, BA, at 974-9104. To make a referral, call 974-1404.

Lundbeck Study, Carlos Santana, M.D. (principal investigator) – USF Psychiatry Department is participating in a nationwide clinical research study being conducted to examine the neurocognitive effect of sertindole versus quetiapine in patients with schizophrenia, taking a stable dose of antipsychotic for the last 4 weeks and their physician is considering a change in medications due to suboptimal response or side effect of their current antipsychotic. For more information, call Colleen Killian, BA at 974-9104; or to make a referral, call 974-1404.
